Private Health Insurance Premium Benefit

**FOR MAINECARE
MEMBERS**

What is the MaineCare PHIP Benefit?

The PHIP Benefit pays private health insurance premiums for people on MaineCare who qualify.

Can I Have MaineCare and Private Health Insurance at the Same Time?

Yes, even with private health insurance, you can be eligible for MaineCare.

In fact, you **MUST** have MaineCare to get the PHIP Benefit.

How Do I Find Out If I Am Eligible?

For MaineCare to pay the private health insurance premium:

1. You or someone in your household **MUST** be on MaineCare.
2. You should already have private health insurance or be able to get it.
3. You must contact one of the PHIP Benefit Administrators (listed on the back) for them to determine if you are eligible.

If I Do Not Have Private Health Insurance, How Do I Get It?

Usually, you can get private health insurance through your job, but you may also be able to get an individual policy through an insurance company.

Premium Payment

MaineCare will pay monthly premiums to the insurance company, the employer, or to you, depending on the circumstances.
